

The Solomon's Porch event/trip that the youth will be participating in may include strenuous activities. The youth may be away from our facility with 3-30 other people. The physical and mental environment can be challenging at times. Do you feel that any aspect of the youth's mental or physical health may endanger him/herself, the leaders, or other members of the group? Are there any activities that may physically or mentally cause too much exertion or anxiety on the youth? If so, please explain in detail.

Are there certain situations, conditions, foods, or medications that may trigger a negative (or allergic) reaction in the youth? If so, please list ALL and their effect!

Does the youth have a history of any of the following medical conditions:

- fainting seizures panic/anxiety attacks
- stomach aches asthma sleeping disorders (sleep-walking, insomnia, or bedwetting)
- Diabetes (I or II) joint pain headaches/migraines

I certify that the above information is true and accurate to the best of my knowledge:

I AM over 18 years old:

Signature: _____ Date: _____

I AM NOT over 18 years old:

Parent/LEGAL Guardian Name: _____

Signature: _____ Date: _____

Youth Signature: _____ Date: _____
